May Allah accept your intention, bless your preparations, and grant you a Hajj that is accepted (Ḥajj Mabroor), Ameen.

As many of you are aware, the Hajj registration and application process—particularly through the Nusuk system—continues to evolve with new improvements and procedures every year.

Authorities Involved in Hajj Services

Hajj responsibilities are overseen and shared among several official bodies:

1. The Ministry of Hajj and Umrah:
2. Sets general Hajj policies, monitors implementation, and oversees compliance.
3. Saudi Hajj Service Providers:
4. Responsible for delivering logistics and essential services including:
    - Flights, transportation, hotel accommodations
    - Camps and tents in Mina, Arafah, and Muzdalifah
    - Food and essential on-ground services during the Hajj days
5. Local Partners of Service Providers (e.g., Labayk Hajj):
    - Assist in package planning and group management
    - Coordinate movement, accommodations, rooming, and religious guidance
